Hi Rick-

Here is some additional information that I hope will provide you with answers to your question.

The breakdown of the \$38,100 per the August 2, 2005 stipulation is as follows:

\$18,100 is an escalation amount (to the year 2010) required for the Trixie Shaft (permit number M/049/024). The balance of \$20,000 is required because of increased acreage of 10 acres as part of the Burgin Dry Stack area (permit number M/049/009).

If I can be of further assistance, please let me know.

Have a lovely day.  
Beth

Could you give me the exact amount(s) and some sort of reference as to what acreage or permit it will be securing?

Hi Rick

Thank you for your email and providing the authorizations to transfer the cd's. As a review, once these funds are transferred, a new account number will be issued and sent to me. Once I have that information, I will provide it to you via mail.

The additional funds required per the August settlement can be titled and sent to me as outlined:

1. Certified funds titled as follows: State of Utah, Division of Oil, Gas and Mining
2. Mail those funds to my attention to the same address on the envelope you should have been provided (hopefully)
3. I prepare those certified funds for account establishment (escrow style of account)
4. Once I have receipt confirmation from the bank and Treasurer's Office and have an account number, I will send you all the paperwork.

You should allow about 2 weeks for final account acknowledgement.

Please email me or phone if you have any further questions or require discussion.

Beth

Hi Beth-

I've mailed today the notarized authorizations to transfer the Chief CD's.  
What is the process for posting the additional funds as envisioned by the August settlement?
